OFFERS

Tours available with German Sign Language

The LVR Museums regularly offer guided tours for people with hearing impairments.

On our website you will find the current dates www.kultur.lvr.de

The dates are updated regularly, so it is worthwhile checking in more often.

Guided tours upon request

Of course, people with hearing impairments can also book guided tours on the dates of their choice. After registration, the LVR will organise a sign language interpreter. We will also be happy to welcome school classes.

A registration form can be found on our website www.kultur.lvr.de

Costs

The guided tours cost the normal or reduced museum entrance fee for the severely disabled. In certain cases, there is still a charge for the guided tour. The LVR pays the costs for the sign language interpreters.

Multimedia Guides

Multimedia guides with video films that use German Sign Language (DGS) are available at the LVR Museum Bonn, the LVR Roman Museum Xanten, the LVR Kommern Open Air Museum and the LVR Industrial Museum St. Antony Ironworks in Oberhausen and the Industrial Museum Paper Mill Alte Dombach in Bergisch Gladbach. The video guides lead you through the exhibition accompanied by German Sign Language and can be borrowed free-of-charge at the museum box office.

Newsletter

At irregular intervals, we will send out an e-mail newsletter for people with hearing disabilities with up-to-date information on the offers in the LVR Museums, for example, on guided tours in German Sign Language. If you are interested in receiving current information and dates by e-mail newsletter, you can register here LVR-Kultur-in-DGS@lvr.de
